education

- 2001–2002 **Studying BSc** of Mathematics *The Open University, United Kingdom, London*
Studying BSc
in applied mathematics, pure mathematics & the history of mathematics.
- 1996–2000 **Technical Regime** *Lycée Technique des Arts et Metiers, Luxembourg*
Program specializing in Information Technology

technology proficiency

- *nix **Unix expert**
Expert level on any Unix flavor. Able to setup, maintain & extend complex high-availability setups.
- #InfoSec **Information Security expert**
Over 15 years of information security expertise being able to identify emerging threats & mitigation tactics to better secure infrastructures.
- Coding & Teaching **Versatile Mentor**
Since the advent of information security awareness for Luxembourg's schools, being an experienced mentor to kids & young people was key. Having co-founded Code Club Luxembourg reinforced this essential skill. With private code lessons as well as coding in primary schools of Luxembourg, I have a strong basis of classroom principles & developing a fun, interactive student experience.

teaching skills

- 2008–Now **Presentations & Workshops** *Various Conferences*
Regular presentation on code in schools, information security & other topics on national as well as international conferences.
- 2008 **Various Information Security Courses** *Schools nation-wide*
Literally toured the country to give the mentioned awareness raising courses to lower-/upper-schools kids.
