Planning

## experience

**10'–Now**  **SMILE Security made in Lëtzebuerg**                 Luxembourg
*1st Operational Core Security Team for Luxembourg*
Being part of the initial team for the national
Computer Emergency Response Team (CIRCL) I am involved in all aspects of
day to day incident handling. Detailed achievements:
- Day to day incident handling
  - Risk assessment
    * Technical vs. non-Technical (e.g Physical breaches)
    * Leaks; 0-Day; Malware; Phishing …
    * Liaising with constituents
    * Threat Intelligence & sharing expert
  - Technical analysis
    * Who owns that domain/network/malware
    * Basic malware reverse engineering
    * Core MISP developer & translation/documentation lead

**10'–2018**  **National Public Radio 100,7**                 Luxembourg
*Freelancer*
Shows about Startups, Technologies and Chemical Substances.

**14'–2017**  **CoderDojoLu**                 Luxembourg
*Founder*
CoderDojo teaches every Thursday computer science & other technologies to
7–18 year olds, free of charge, in Bonnevoie, Luxembourg.

**14'–2015**  **Wearable Wednesday**                 Luxembourg
*Founder*
Wearable Wednesdays are about the imminent shift of technology into our everyday life. Teach yourself how to make your own creations.

**13'–2017**  **Code Club**                 Luxembourg
*co-Founder*
With the obvious lack of any open & free technology teachings, Code Club
closes this gap with bringing computer programming to 7–18 year olds.

**08'–2017**  **SYN$_2$cat --- HackerSpace**                 Luxembourg
*co-Founder*
Community driven Open-space where people of all ages can come & tinker.

**09'–2012**  *agglomera*                 Luxembourg
*Founder*
InfoSe consulting business for SMEs.

**11'–3Mths zapon.com**                 Silicon Valley
*COO*
Business & Security Consulting for a New Media Start-up in Silicon Valley

**02'–2008**  **ION Network Solutions s.à r.l**                 Luxembourg
*Founder*
Built a successful IT services company. Being involved in all levels of company
creation & management.

**00'–2002**  **A.L Digital Ltd. // The Bunker Ltd.**                 United Kingdom, London
*Junior Systems Administrator*
Junior position in a leading ISP to build secure infrastructure & HA systems for
SMEs.

# education

01'–2002 **Studying BSc** of Mathematics                    The Open University, United Kingdom, London
*Studying BSc*
in applied mathematics, pure mathematics & the history of mathematics.

96'–2000 **Technical Regime**                    Lycée Technique des Arts et Metiers, Luxembourg
Program specializing in Information Technology

# technology proficiency

*nix        **Unix expert**
Expert level on any Unix flavor. Able to setup, maintain & extend complex high-availability setups.

#InfoSec    **Information Security expert**
Over 10 years of information security expertise being able to identify emerging threats & mitigation tactics to better secure infrastructures.

Coding &
Teaching    **Versatile Mentor**
Since the advent of information security awareness for Luxembourg's schools, being an experienced mentor to kids & young people was key.
Having co-founded Code Club Luxembourg reinforced this essential skill.
With private code lessons as well as coding in primary schools of Luxembourg, I have a strong basis of classroom principles & developing a fun, interactive student experience.

# teaching skills

08'–Now   **Presentations & Workshops**                    Various Conferences
Regular presentation on code in schools, information security & other topics on national as well as international conferences.

2008       **Various Information Security Courses**                    Schools nation-wide
Literally toured the countries public schools to give the mentioned awareness raising courses to lower-/upper-schools kids.
