Junior position in a leading ISP to build network infrastructure & HA systems for
SME's.

education

2001–2002	**Studying BSc** of Mathematics	The Open University, United Kingdom, London
	Studying BSc	
	in applied mathematics, pure mathematics & the history of mathematics.	
1996–2000	**Technical Regime**	Lycée Technique des Arts et Metiers, Luxembourg
	Program specializing in Information Technology	

technology proficiency

*nix	**Unix expert**	
	Expert level on any Unix flavor. Able to setup, maintain & extend complex high-availability setups.	
#InfoSec	**Information Security expert**	
	Over 10 years of information security expertise being able to identify emerging threats & mitigation tactics to better secure infrastructures.	
Coding & Teaching	**Versatile Mentor**	
	Since the advent of information security awareness for Luxembourg's schools, being an experienced mentor to kids & young people was key.	
	Having co-founded Code Club Luxembourg reinforced this essential skill.	
	With private code lessons as well as coding in primary schools of Luxembourg, I have a strong basis of classroom principles & developing a fun, interactive student experience.	

teaching skills

2008–Now	**Presentations & Workshops**	Various Conferences
	Regular presentation on code in schools, information security & other topics on national as well as international conferences.	
2008	**Various Information Security Courses**	Schools nation-wide
	Literally toured the country to give the mentioned awareness raising courses to lower-/upper-schools kids.
